**Based Businesses:** Air Evac Life Team, Hayes Aero-Sign, James Aviation, JRS Aviation and Pelican Aviation

**Primary Customer/User Base:** business jet traffic and general aviation to support the industrial park, which is over 75% aerospace/aviation related.

**Community Impact:** With over 50 hangars and a new terminal, Grove Regional services the northeast Oklahoma aviation community. The based Air-Medical Helicopter also provides vital medical emergency care to the surrounding community.

**Needed Capital Projects:** Rehab of the runway with an upgrade to LED lights and REILs, new fencing and gates around west side development and new AWOS System.

**Built in 1960,** this airport has grown from a single community hangar to a hub of activity for NE Oklahoma. Priding themselves on customer service has made them a customer choice
