Based
Aircraft

Currently
working on
a new **fuel
farm**

Based Businesses: Edge Drilling, BoomTest, Power Rig, Lane Transport, Precision Diesel

Primary Customer/User Base: Oil Field, UPS, Pipeline Patrol, Wind Farm Helicopters, and U.S. Gov.

Community Impact: Doctors fly in 2-3x per week. Medi-flights, recreational-related flying, hunters, corporate flights, Net Jets, and more.

Needed Capital Projects: Future taxiway revisions and possibly a new terminal building.

The airport supports the largest employers in the surrounding area. We also host transient aircraft. All the UPS packages for this area are flown in.
